2021: THE GATEWAY TO SUMMER...

As I write this (early in April), the "Gateway to Summer", the month of May, is just weeks away. I'm not going to lie to you, I'll be running scared like I have a target on my back until I get my vaccination. I just have to keep safe and hold on until later this month I think (I hope!), and things will feel differently. Summer will be able to go on as "normal", or at least the "new normal". And that means that folks can get out to their favorite comic shop on Saturday, August 14th for Free Comic Book Day!

There will be plenty of free comics available on August 14th, for every age. But there will be, as always, an emphasis on comics for kids. Which makes this the perfect opportunity to mention that it's **KIDS COMICS** month in **PREVIEWS** once again! Sure, they may be "kids comics", but readers of all ages can enjoy them. Head over to page 222 for our list of suggested KIDS COMICS titles. Then look for our KIDS COMICS icon throughout the issue for more great all-ages titles!

Finally, I wanted to plug my good friend Scott Braden (*Overstreet's FAN*) who, with artist Mike Malbrough, is bringing one of his comic book creations to life this month! On Wednesday, May 12th, head to your local comic shop and check out *Kent Menace #0: The Director's Cut* (MAR21 1049) from American Mythology. He's put his heart and soul into the story of a supernatural sailor with a troubled family tree. I think he's on to something here... and I can't wait to see it move on to an ongoing series.

This introductory issue was guest-edited by yours truly, and I also contributed a "cover" illustration and a six-page

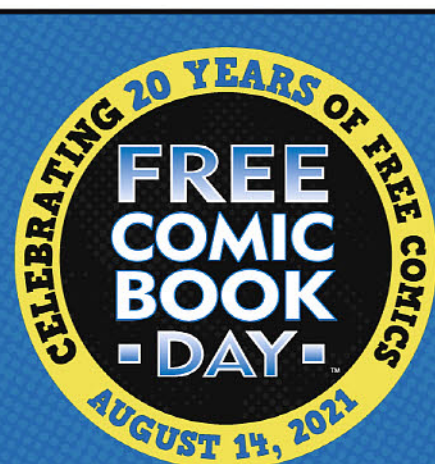

prose adventure — my first published fiction works — and I am psyched to see them in print alongside the rest of the contributors to this issue, everyone giving it their all to launch the series right.

I'm looking forward to this summer... sunshine, toy shows, flea markets, and normal... all the things I love about the best season of them all!

Your Pal @ **PREVIEWS**,

Buzz Covers BIG! BIG! Overstreet #51

The **BIG! BIG! Overstreet Comic Book Price Guide #51**, the oversized, limited edition version of the *Guide*, features a Golden Age Daredevil masterpiece by Buzz (*Vampirella*). This version of the Bible of serious comic book collectors, dealers, and historians features just the pricing from the standard editions of the book, none of the articles, ads, or other features. It's scheduled to go on sale Wednesday, July 21, 2021, with a cover price of \$49.50.

"Buzz has always had an amazing design sensibility, and you can see that clearly with this piece. Before he ever started, I said I thought he'd kill on this one, and he did," J.C. Vaughn, Gemstone Publishing Vice-President of Publishing said.

Daredevil #1 CGC 9.8 Gets Record \$250K at ComicConnect

In March 2021, ComicConnect sold a copy of *Daredevil* #1 CGC 9.8, featuring the Man Without Fear's first appearance, for a record \$250,000. In addition to that sale, ComicConnect sold another *Daredevil* #1, this one graded CGC 9.6, for \$125,000.

When reporting the sale, ComicConnect noted that Daredevil may be joining the MCU with Charlie Cox reprising the role. His inclusion in the franchise will likely signal growing interest in Daredevil keys, especially his first appearance.

Bucky Barnes: Youthful Sidekick

Long before he was the Winter Soldier or Captain America, James Buchanan "Bucky" Barnes was an army brat. When Joe Simon and Jack Kirby created him 80 years ago, Bucky was a kid in an army family who lost his father during training. Bucky was able to stay at the camp where he learned a lot about military life.

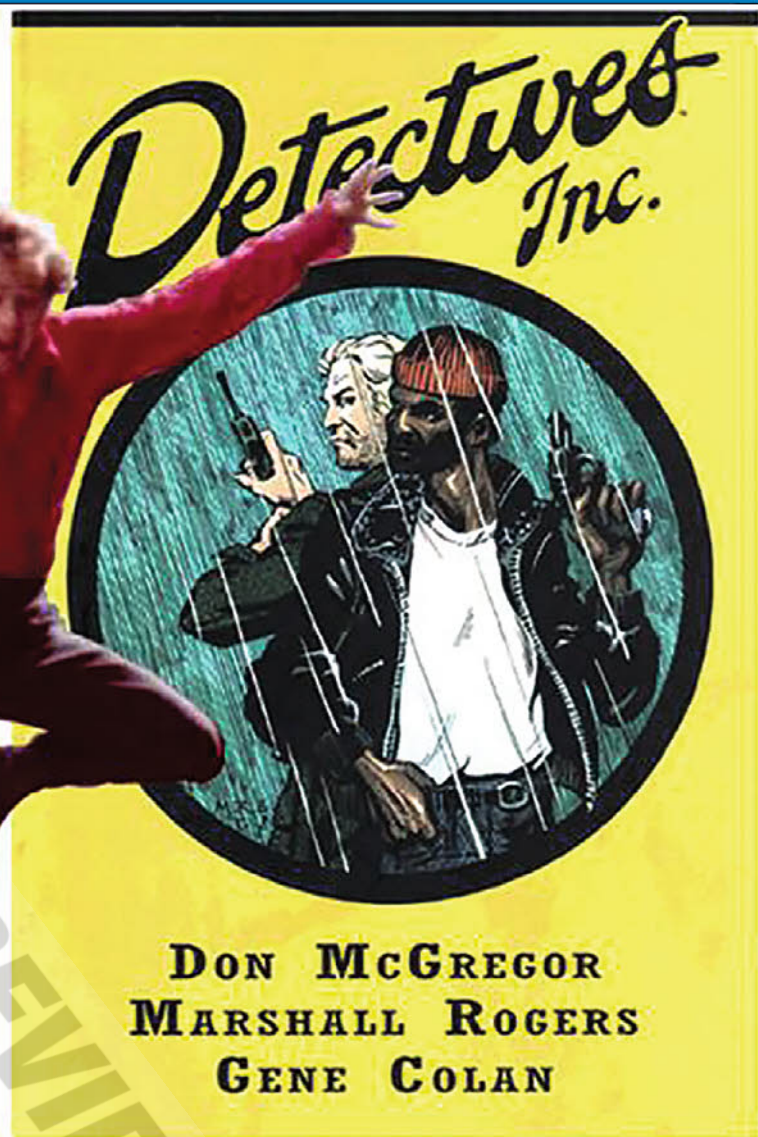

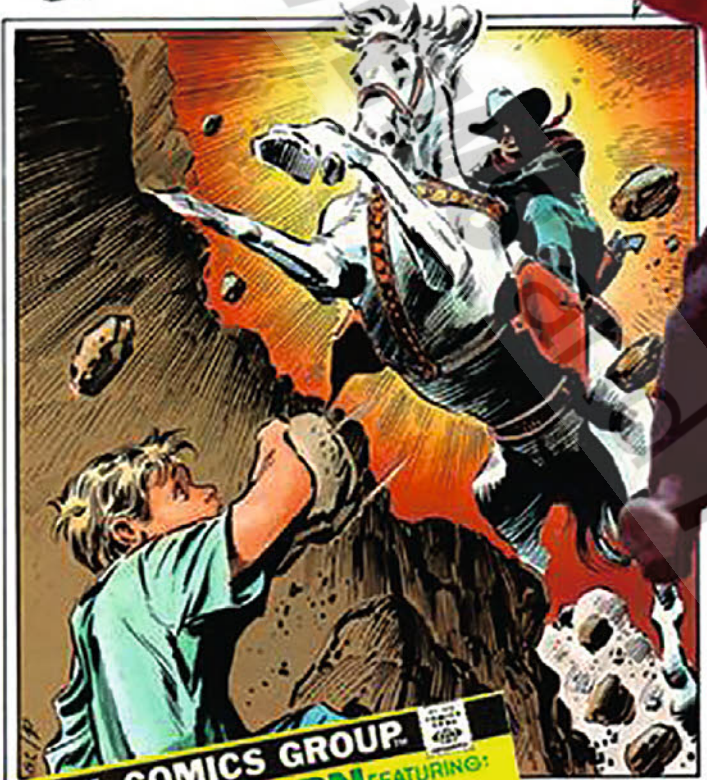

It wasn't long before Bucky discovered that his friend Steve Rogers was Captain America, and he began training to become Cap's partner. Together they fought Axis terrorists in the US then joined the war effort overseas, particularly against the villainous Red Skull. In addition to working as a duo, Bucky and Cap were also part of a team called the Invaders.

RAGANATHAN

Please tell us a bit about yourself!

I've loved comics and storytelling all my life. I can't recall a time when Pop Culture was not a priority in my life. Books, comics, TV series, movies, they all held as much reality for me as a kid as did the real world. I had no idea that when I watched the initial Disney Zorro TV series (and hunted on bicycle searching for out-of-the-way stores that sold Zorro trading cards from Topps) that I would one day work at Topps on Zorro!

What are your favorite projects you've contributed to over the past decade?

My absolute favorite comic series that I have ever done is *Ragamuffins*, about 5-year-old kids growing up in the 1950s, with Flash Forwards to the '60s, '70s, '80s, etc., to where their lives evolved. I saved that series for years until Gene Colan could be available to draw it, because I knew he would embrace and understand those kids and their timeframes. My second favorite is *Detectives Inc.* (most recently published by IDW, currently out-of-print) a series about an interracial team of private eyes in New York City. *Detectives Inc.: A Remembrance of Threatening Green* is listed in the LGBTQ Internet timeline as the first American-published graphic novel with gay characters. I also wrote and directed a 130-minute *Detectives Inc.* film in 1985. These days more people probably know me as the creator of "Killmonger" in the *Black Panther* film, and creator of T'Challa's mom, Ramonda.

What are you currently working on?

I am in the midst of working on a Zorro series with James Kuhoric at American Mythology. Also, Dean Mullaney and I are putting together the *Ultimate Ragamuffins Collection*, including 20 pages of lost Gene Colan art that has never seen print! I have also been in conversations with Joe Pruett to do a 200-page graphic novel of my character, *Sabre*.

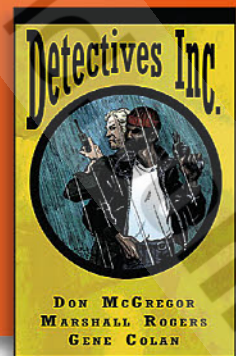

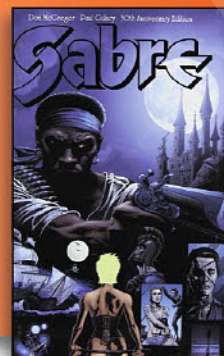

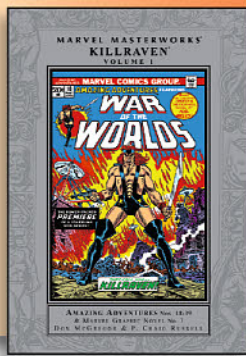

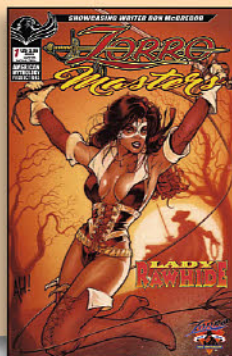

What fun titles are you reading?

My two favorite comic strips of all time are *Prince Valiant* (Vol. 2 / APR151509) and Milton Caniff's *Terry and the Pirates*. Depending on when you asked the question, my favorite would fluctuate between these two. I've also just finished reading the latest volume of Lynn Johnston's *For Better or For Worse* (Comp. Library Vol. 2 HC / MAR180564).

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

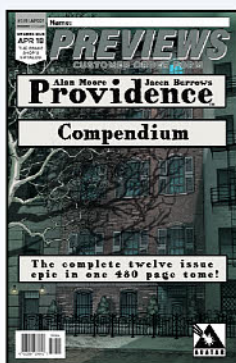

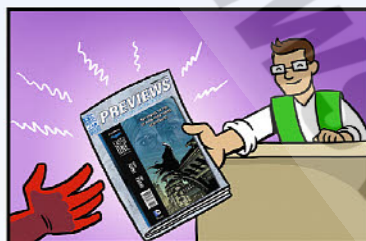

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

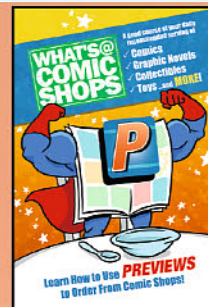

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

IF THE X-MEN WANT TO SAVE THE PLANET, THEY'LL HAVE TO BE FEARLESS...

While not all of the planet trusts the X-Men of Krakoa, those X-Men are the fearless heroes that are necessary! A new era for the mutant heroes begins this July in Gerry Duggan and Pepe Larraz's *X-Men* #1!

From their earliest days, mutants were hated and feared by most, despite the X-Men's commitment to fighting injustice and protecting a world that was hostile towards them. Seven X-Men have been chosen to be mutantkind's champions, and they must defend the planet in order to protect their home of Krakoa. Cyclops, Marvel Girl, Sunfire, Rogue, Wolverine, Synch, and Polaris are the heroes both Krakoa and this planet needs!

Gerry Duggan and Pepe Larraz resume a creative partnership (that started with *Uncanny Avengers*) with July's *X-Men* #1. SAS MILLEDGE BRINGS A MODERN FANTASY TO BOOM! STUDIOS WITH MAMO

The wall between our world and the faerie world has been the subject of writers and poets for fifteen hundred years, from Welsh bards to Edmund Spenser's *The Faerie Queene* to Neil Gaiman's *Stardust*. Sas Milledge, the writer/artist of *The Lost Carnival: A Dick Grayson Graphic Novel*, puts her own take on the world of faerie in her new fantasy series from BOOM! Studios, *Mamo*.

The death of her grandmother Mamo brings young hedge witch Orla O'Reilly back to her hometown. Mamo had been keeping the worlds of faerie and the worlds of humanity separate; with her gone, they begin to "bleed" into one another. When one girl in the town, Jo Manalo, develops problems due to supernatural beings, Orla has to decide if she wants a responsibility that was never hers to begin with, while Jo will learn the truth about a magical world she misunderstood. If they can learn to trust each other, perhaps they can restore a balance between the two realms.

Milledge's *Mamo* is a modern fantasy of magic, wonder, and self-discovery, coming this July from BOOM! Studios.

TITAN'S SMASH-HIT COMIC SERIES IS BACK FOR A SECOND ARC!

The adventures of fan favorite characters **ALOY** and **EREND** continue in **Horizon Zero Dawn: Liberation #1**. With the first arc of the series selling over **80,000 COPIES** on #1 making it the 11th bestselling comic of August 2020 this new story is set to be a repeat success!

Liberation #1 will arrive in stores on **July 14, 2021**. Check out this exclusive interview with **Ben McCaw**, the award-winning **narrative director of Horizon Zero Dawn**, to get a sneak preview of what this new adventure will entail...

BEN McCAW (HORIZON ZERO DAWN NARRATIVE DIRECTOR)

COVER A BY FAN FAVORITE ARTIST
PEACH MOMOKO

What has been your reaction to the phenomenal praise the Horizon Zero Dawn comic series has received?

All of us who worked on the story – myself, Anne Toole, Annie Kitain, and Ari Martinez – feel humbled by the praise the series has received. During the writing process, we could only hope that fans would connect with the characters the same way we do, and it's gratifying to hear that we succeeded.

How does your approach to writing a comic series differ from writing for a video game?

In some ways, we approached the story much like we would a quest in Horizon Zero Dawn. It needed a strong protagonist, a three-act structure, and lots of action. But the comic also allowed us to dig deeper into Talanah's character and produce some quieter,

more intimate scenes.

What would you say to fans of the game who have yet to try out the comic series?

Imagine going on a hunt for a dangerous new machine in the distant wilds beyond the borders of the map of the game. That's what the series offers. Need I say more?

Without any spoilers, what can fans expect from this new arc in the Horizon Zero Dawn comic series?

The new arc is built around Erend, a fan-favorite character. It will present a new, previously unseen adventure with him and Aloy, set during the events of Horizon Zero Dawn. But we're also going to delve into Erend's past, showcasing his role in the infamous border war known as the Red Raids.

This new series focuses on Aloy and her adventures with Erend. What can you tell us about the interactions between these two beloved characters?

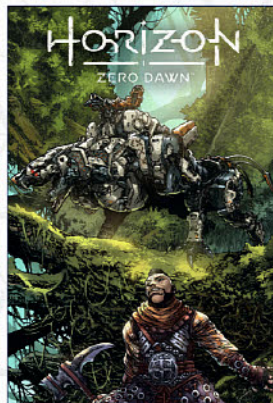

The two characters have a great rapport, highlighted by Erend's down-to-earth sense of humor. But his jokes often mask pain from his past, and the new arc really digs into that.

How do you and the team go about deciding on the plot of the comic story?

We developed a lot of material about the Red Raids and the Liberation of Meridian while writing Horizon Zero Dawn, and the comic book offered us a great way to bring it to life. Making Erend the focal point was a no-brainer, because as much as the fans love him, we love him more! We couldn't wait to give him the spotlight, and we're certain readers will enjoy the result.

SERIES PREMIERE

Paprika is a successful businesswoman, a New Yorker of Italian origin. Job and career consume her, forcing her to neglect her personal needs as well as her friends and family. Her heart is broken from a previous relationship and its consequences, and a rigid upbringing has made her a very introverted person. She wants a romantic relationship, but she doesn't know what she's doing. Not like Dill, a naïve and suave delivery boy with an angelic attitude, handsome, and always surrounded by beautiful women falling for him. He doesn't have a worry in the world, and this makes Paprika very nervous. But he's the guy who could help her with her feelings (and with...sex). *Bridget Jones's Diary* meets *Sex and the City*, with a pinch of *The Devil Wears Prada* in the new international hit by acclaimed creator **MIRKA ANDOLFO (UNNATURAL, MERCY)**.

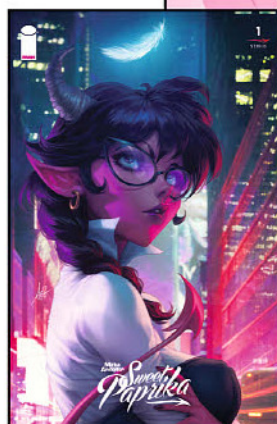

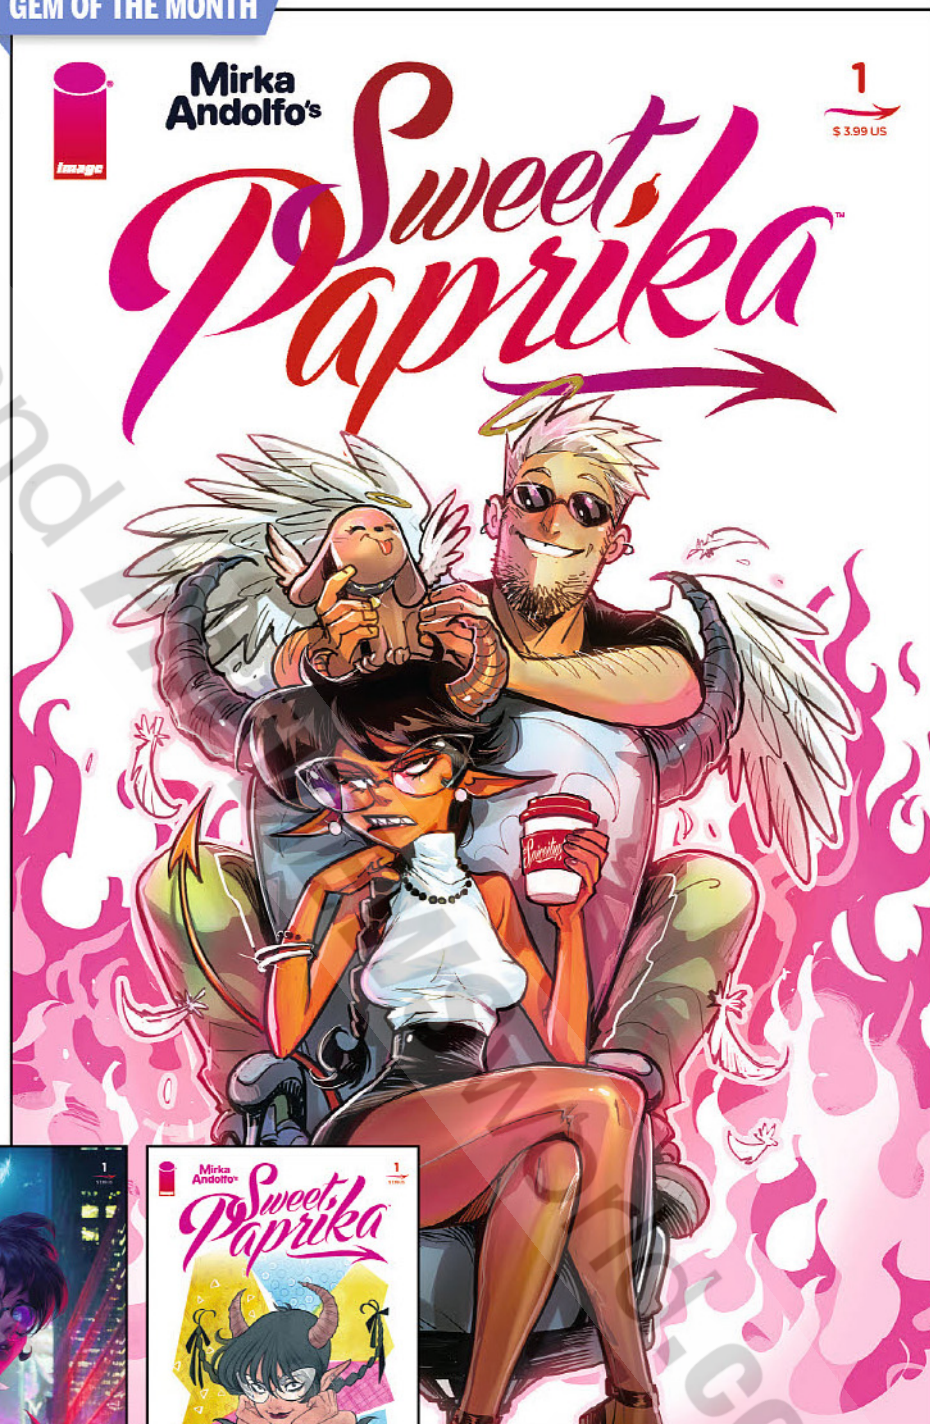

The social commentary and sexual awakening of *Bridget Jones's*

MAN-EATERS: THE CURSED reunites the original **MAN-EATERS** creative team for another tale of adolescent feminist derring-do and supernatural hijinks. Maude, now 15, is sent to Craft Camp for the week. It goes south pretty quickly.

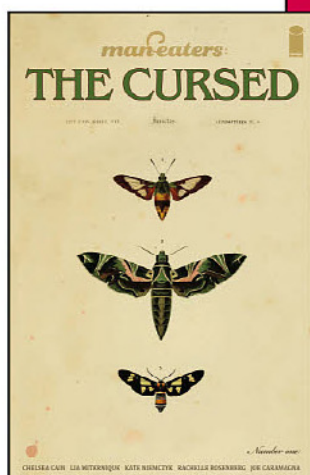

Smart, laugh-out-loud funny, provocative, referential, scary, chock-full of ephemera, and compulsively re-readable. Plus, fairies. [ADVISORY: Do not read this book while you are actually camping.]

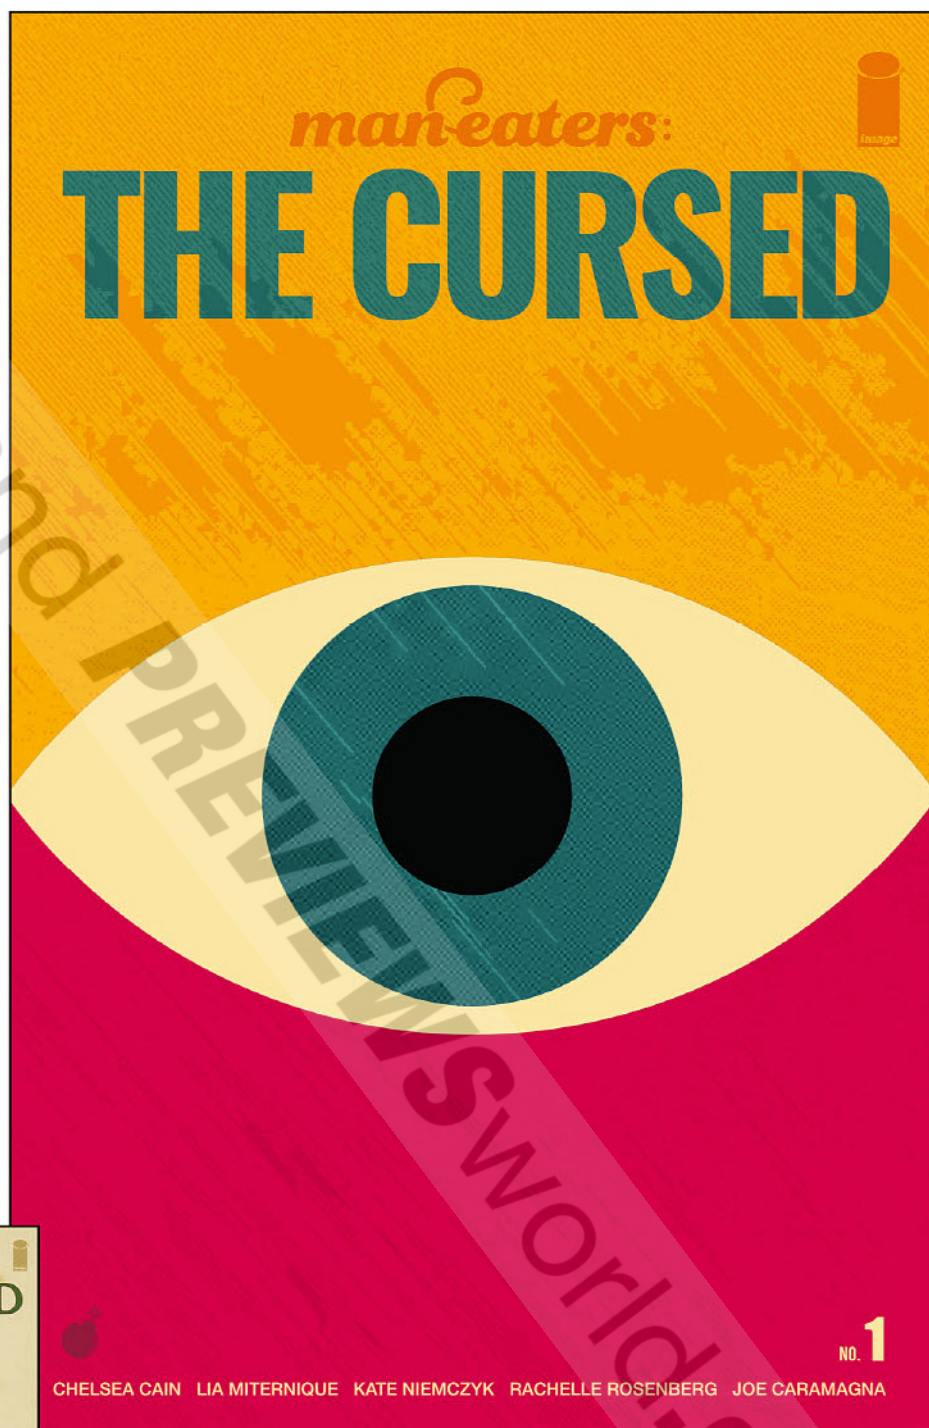

The perfect teen/YA series to reach for when raising the next generation of feminists and a surefire delight to readers of *Lumberjanes* and *Ms. Marvel*.

SERIES PREMIERE

For fans of **THE OLD GUARD** and **GOD COUNTRY** comes the extra-length first issue of a centuries-spanning action epic from writer **KYLE HIGGINS** (**RADIANT BLACK**) and artist **FELIPE WATANABE** (*The Flash*)!

The Luminary. The Prodigy. The Brute. The Trickster. The Innovator. Five gods from a realm beyond our own, leaders in the “War of Immortals.”

At least, they were—before they were trapped, sent to a planet made into a prison, forced into an endless cycle of human death and reincarnation.

Christopher is 22. He’s got two loving parents and a 12-year-old sister. He works at a paint store. He’s in therapy. He’s one of the Five. Which means, in order to save everyone he cares about, Christopher will have to reconnect with his past lives and do the unthinkable: become a god again.

An ensemble cast of recognizable characters—similar to *The League of Extraordinary Gentlemen*—

dropped in a high-stakes, fantastical world to rival *Game of Thrones*.

When a fast-living EMT is entrusted with the power to sense and siphon pain from others, Sylas is presented with a new purpose: to ease the misery of those around him. And it soon attracts the attention of mysterious forces who covet the power for themselves, forcing Sylas to decide whether he will continue his mission or revert to his old ways.

Comic book documentarian **PATRICK MEANEY** (*Grant Morrison: Talking With Gods, The Image Revolution*) teams up with artist **JEFF EDWARDS** (*G.I. Joe*) with a story by **MOHSEN ASHRAF** for a creator-owned noir fantasy.

The second half of *Elegant Spirits* is Amano's *Fairies*, his portrayals of the many magical beings of English and Celtic lore and drama—from brownies and the Seelie Court, to Merlin and Nimue, to Shakespeare's Puck and Titania. The images of *Elegant Spirits* are accompanied by excerpts of text, poetry, and the stories that accompany these unforgettable figures of the past.

Presenting a fantastic new adventure by New York Times bestselling and multiple Eisner Award-winning writer **John Layman** (*Chew*, *Detective*) and eye-popping, mind-blowing art by **Nick Bradshaw** (*Spider-Man*, *Wolverine*).

There's a region in the Atlantic Ocean where planes disappear, ships are lost, and traveling souls go missing... never to be heard from again. And there's an island within this place, mysterious and uncharted, untouched by time and civilization, where all who are lost end up—human or other! Bermuda lives here. She's 16, scrappy, and living on this insane and wondrous jungle island—fighting at every turn to survive—is the only life she has ever known. She can handle the dinosaurs, the pirates, the crazed soldiers, dark magicians, and strange monsters. But the weird new kid who washes ashore just may be the biggest challenge Bermuda has ever faced—as he drags her along on a perilous rescue mission she wants no part of... and he's likely to be the death of both of them!

A young journalist prompts a reclusive piano superstar to open up, resulting in this stunning graphic sonata exploring a lifetime of rivalry, regret, and redemption.

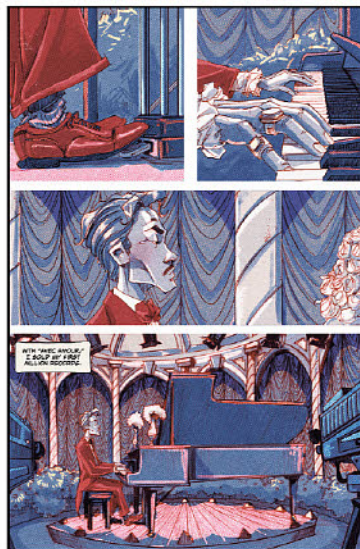

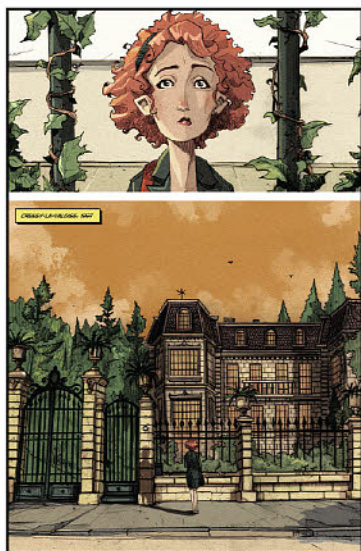

1933. In the small French village of Cressy-la-Valoise, a local piano contest brings together two brilliant young players: Julien Dubois, the privileged heir of a wealthy family, and François Samson, the janitor's son. One wins, one loses, and both are changed forever.

1997. In a huge mansion stained with cigarette smoke and memories, a bitter old man is shaken by the unexpected visit of an interviewer. Somewhere between reality and fantasy, Julien composes, like in a musical score, a complex and moving story about the cost of success, rivalry, redemption, and flying pianos.

When all is said and done, did anyone ever truly win? And is there any music left to play?

Features:

- Sweeping, ambitious storytelling that spans seven decades, from the German occupation of France through the wild 1960s to the modern era
- Exquisitely dynamic artwork, bursting with life and perfectly suited to the unique and slightly off-kilter story
- Equally appealing to classical piano lovers and fans of sprawling literary/historical fiction

THE ALL-STAR TEAM OF TOP CREATORS DISCUSS SONJA'S LEGACY

Red Sonja has been kicking around comics for nearly 50 years. What makes the character so timeless and compelling to tackle as a writer or artist?

Kurt Busiek: This is the first time I've gotten the chance to write her, but I've often said that the reason Conan thrives is that he's essentially a fantasy-figure born of the Depression — he's the visceral "uncorrupted man" standing against decaying nations that have failed their people. So he was Robert E. Howard's way of, at least fictionally, fighting city hall and winning. And in the decades since, whether it's social upheaval like Vietnam and Watergate or economic hard times like recessions and pandemics, any time the public is skeptical of the government, religion or whatever, Conan fits the times. As a character spun out of Conan, I think Red Sonja's got a lot of that to her, too. She lives in a violent, sexist world where women are often downtrodden, but she doesn't take any shit. She stands up for herself, for others, and she'll kick the crap out of anyone who tries to push her around. Any time people feel pushed around, a character like Sonja will be appealing. Plus, hey, the scale-mail bikini sure doesn't hurt her appeal.

Benjamin Dewey: I think she has a bunch of cool visual hooks and those things translate to a type of bravery that we also see in Conan too. All the exposed skin and flowing hair is like a flag that says, "I'm so badass that I don't need armor, but you do!" It's fun to draw a character that is beautiful, strong, and capable. I also love to play around in that Robert E. Howard sandbox because it's got some ties to reality but not so many that there isn't still occasional deep mystery and terrifying magic. Sonja could be fighting on a pirate ship, delving through ancient ruins for a mystical gem or saving a friend from a cabal of cannibal witches; it is wide open for classic high fantasy sword and sorcery adventure!

Amanda Deibert: Red Sonja is fantastic because she's first and foremost a fierce warrior. I think most of us are drawn to heroes who fight for the underdog and at her heart, Red Sonja is a character who protects, defends, and gets revenge for those who cannot. That is deeply appealing to me as a writer.

Cat Staggs: I agree with Amanda - I love a good underdog at heart. Plus, she loves to fight, and I am always ready for some sword wielding power.

Mark Russell: For me, it's that she's a warrior who's been forced into violence because of her past. I think of her as sort of being like Clint Eastwood in the Outlaw Josey Wales. Someone who didn't choose this way of life so much as it chose her, but now she knows nothing else. When I write her, I try to make space for that sense of fatalism. The internal monologues of someone who's only known violence but can imagine another way of life.

Bob Q: I'm a simple man so I'll go with the simple answer - She looks rad and kicks ass.

We'll be honest, the black, white, red, etc. format is really rocking right now. Why do you think Sonja is such a natural fit for this style of storytelling, and how are you planning to tap into that experimentation in your story?

Kurt: She's an action star in a barbaric world, so you can pretty well count on two things to make an appearance: red hair and blood. That's going to make a black/white-red format suit her well. The story Ben and I are doing goes further than that — the story's called "Seeing Red," and we use the color limitation in what I think is a useful and dramatic way. I just don't want to tell people about it beforehand, because it's what the story is built around, so I'd like readers to be surprised when they read it.

Ben: Seeing the element of full color stripped away lets me and Kurt emphasize what the Red in Red Sonja means; it's her hair, spilled blood, and any other special feature we want to showcase. It's like listening to a great song when everything in the arrangement drops out suddenly to isolate the bass for a breakdown section, feature a soulful a capella vignette or launch into a blazing guitar solo. Setting that one color apart gives it a special potency and I think the story Kurt came up with really makes good use of that. I'm also trying to play with screen tones because I don't want the black and white part to be without its own flourish. It's been challenging and fun to work on.

Amanda: She's the PERFECT fit for this format. That stunning red hair and all the blood. It is going to be amazing! I am so excited to see what Cat creates with it.

Cat: I am really looking forward to the limited pallet. This kind of dynamic can create some striking imagery and make the impact that much stronger. It will be really fun.

Mark: Well, thankfully, red is one of the colors we get to tell a Red Sonja story. I think the reason this sort of limited chromatic format is taking off, besides being visually striking, is that it suggests something raw and unfinished. That you are going to get a story that isn't super-polished and doesn't fit neatly into what's come before. And that's what I'm trying to accomplish with this story.

Bob: From the art perspective, Black, white, and red... Sonja... you'll always know where she is in the panel. I'm also experimenting a bit with the look. You'd think that limiting the palette would be extremely limiting, but I find that when I have to play within specific boundaries that's when technique, rendering approach, etc. starts to come into play, and there's a TON of options in that arena. I have a lot of ideas, but the final look will have to be in service of the story.

In a prestige book like this, our aim was to assemble the absolute best writers and artists and let them loose for instant-classic collaborations. What can you say about

your collaborators on this project and how you work together?

Kurt: I've been a fan of Ben's since I saw a pinup he did for a local convention art book. There was so much energy, charm and gorgeous drawing to it that I knew I'd love to work with him on something. And I've been lucky enough to get to — both on *THE AUTUMNLANDS*, on *MARVELS SNAPSHOTS*, and most recently before this on *NAMOR: KING IN BLACK*. And through all of this, Ben's been an amazing collaborator, getting better and better as he goes (and he was great to start with), making fantasy worlds come to life imaginatively, and making the characters, whether human or not, expressive, engaging, and cool. Plus, he's a great guy. So, when I was offered this story, my first question was, "Can we get Ben?"

Ben: Kurt has always been one of my favorite writers since I discovered his work back in my teens. It's a real privilege to work with him not just because of his narrative choices but how knowledgeable and thoughtful he is about everything in comics and fiction. He has an unmatched archive in his brain of comics history. He always knows the answer to even the most obscure question about artists, writers, or titles. This all helps him tell compelling stories and I've benefited tremendously as his collaborator because he knows what works and what doesn't. We always have a fruitful back and forth when we go over the thumbnails.

Amanda: Well, I'm married to my artist, so I clearly kinda like her! Seriously though, working with Cat is a dream. We have a shorthand that is so nice and special when creating something together. I always know she won't just meet my expectations, she'll exceed them. Plus, I can lurk over her shoulder while she draws which is a fantastic bonus. It's nice to be able to bounce ideas off each other 24/7 when we collaborate.

Cat: Yes. It is really a wonderful aspect of working together that we can check in if we have random questions or ideas. It really makes the creative process fulfilling.

Mark: One of the things that really attracted me to this project was the chance to work with Bob Q again, who did fantastic work on our previous collaborations with Red Sonja and the Lone Ranger. We developed a really good rapport in working together and I'm hoping to pick up where we left off. But also, because this was something to be done in conjunction with the other writers who drew me to Red Sonja in the first place. It's a company I'm proud to share.

Bob: Mark is one of my favorite writers to work with but also to read. When I was told about the project and was then informed that Mark was writing, and I instantly cleared my schedule. Red Sonja has been drawn and written by so many heavy hitters in the comic community over the years, it's hard not to be proud of the company one finds oneself in with this book.

BARBARELLA'S NEW SPACE-FARING SHEPHERDS BREAK DOWN THE SERIES

So... Barbarella is a badass space babe, right? What draws you to this iconic character?

Madibek: Yes, she really is an iconic character! I love her classic space opera vibe with elements of retro-futurism. I'm very interested in how it will be combined with my realistic style. Hopefully I can add some freshness to it.

Sarah: She lives life on her own terms and finds a way to make what she wants happen. Also, she cares for others who are less capable than herself. She is, in fact, the type of person you could drop into the middle of a 1984-type dystopia and shatter it because she simply wouldn't leave "well enough alone."

Sarah, you're relatively new to comics, yet a very established writer through your novels. For fans who may be new to your work, would you like to give us a quick rundown of your writing and perhaps one recommendation for Barbarella fans to check out while they wait for the first issue?

Sarah: My novels career started in 2001 with a "Magical Shakespeare" series (don't ask) which was a finalist for the Mythopoeic award. Since then, I've sold (I think, I don't want to try to count them again...) 34 novels, in science fiction, fantasy, mystery, etc. Fans of Barbarella would/will probably enjoy Darkship Thieves. They might also enjoy my fantasy novel Draw One In The Dark.

We hear Barbarella now has a cute talking pet! What can you tell us about Vyx?

Sarah: I have a friend who teases me about ridiculously cute animals/children/aliens in various stories. Vyx is a fennec fox of sorts, but alien, so she can say some words – say at toddler level – but as proven in a few twists in the plot, she might be more than she seems, and perhaps we're not absolutely sure who the pet is in this situation...

Madibek: A cute pet is always a great idea! There will be a lot of fun in the new comic.

Like any great space-faring tale, Barbarella is going to be rocketing around several unique planets and environments. What can you guys tell us about the backstory and designs of these scenic settings?

Sarah: I took this as my license to play with visual settings and also with some classic science fiction tropes. Barbarella is set in a far distant and unimaginably wealthy future, which gives me the opportunity to have even more fun. In the first two issues we have a resort world where very rich people retire or take refuge. We have crazy buildings and winding walkways in an incredibly lush and beautiful world. The second one is Encantado named after a South American underwater paradise, in which the inhabitants can breathe underwater. These people can also deploy tentacles on demand. The third is a world inhabited entirely by robots, where we discover that sex – and love -- is more than a matter of the body. Then there's Rio – a fun or perhaps "carnival" world. And the last one looks like a very decadent Shanghai. Anyway, very varied and it should give us some amazing visuals. Besides getting Barbs into some very interesting forms of trouble.

Madibek: I just started designing these fantastical worlds. But I like that the story gives a wide scope for imagination. I hope that the readers will be satisfied with the result.

This series will also delve into sci-fi questions of romance and sexuality. Which seems like a perfect fit for the character. What can you tease about these parts of the story? Without spoilers!

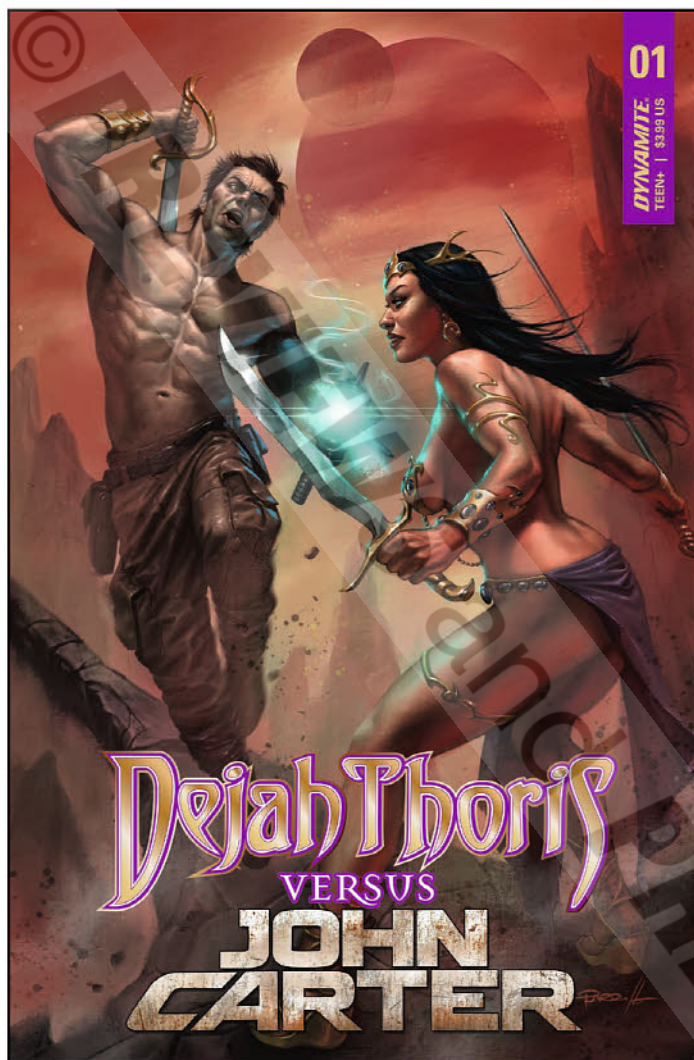

Sarah: Barbarella is of course herself, which means both incredibly attractive and very willing to share herself, both for purposes, and because she wants to, enjoys it, and finds it a good way to smooth over misunderstandings and problems and draw closer to people. Now, there is an overarching romance through this series. It's not what you expect, but it is very much what works for Barbarella.

TRAVEL TO BEAUTIFUL BARSOOM WITH WRITER DAN ABNETT & ARTIST ALESSANDRO MIRACOLO

John Carter is here! The Barsoom saga is so much about both members of this iconic couple. How exciting is it to reunite them in this series?

Dan: It's just fantastic. To me, there's always a danger of the super-human John eclipsing Dejah, and demoting her to "damsel in distress" duties. In writing Dejah's own series, I deliberately kept John out of it so she could be showcased, and his absence turned into an intriguing mystery. This brings him back so we can present them together again, and to resolve that mystery.

Alessandro: When [editor] Nate Cosby asked me to work on Dejah Thoris and John Carter, written by Dan Abnett, I said "Wow!! Is it real?? Sure Dude, when can I start ?!!!" I am very excited; I can't wait to bring together these two iconic characters of sci-fi created by the great Edgar Rice Burroughs.

This epic event style series follows from your year long run on Dejah Thoris. We're guessing fans can jump right into this one though, right? They can also be on the lookout for the graphic novel reprints. But for those who want a little bit of 101, how would you quickly summarize that series spoiler-free to catch fans up?

Dan: I don't think I'd be doing my job right if I just assumed readers would be up to speed. I'll be doing plenty in the opening of this series to get everyone "in the right place" so they understand what's going on. Having said that, picking up those trades and reading what's gone before will add flavor and texture - and will entertain you!

Artist Alessandro Miracolo now joins you in this series, journeying over from a stint on

Red Sonja. We're thinking his kinetic style will be perfect for the action across the red planet. How has it been collaborating with him so far?

Dan: His work is amazing, and I'm so happy to have him on board. His designs so far have been jaw-dropping, and I agree, he'll be perfect for this.

What can you tell us about the new threat of the Longborn?

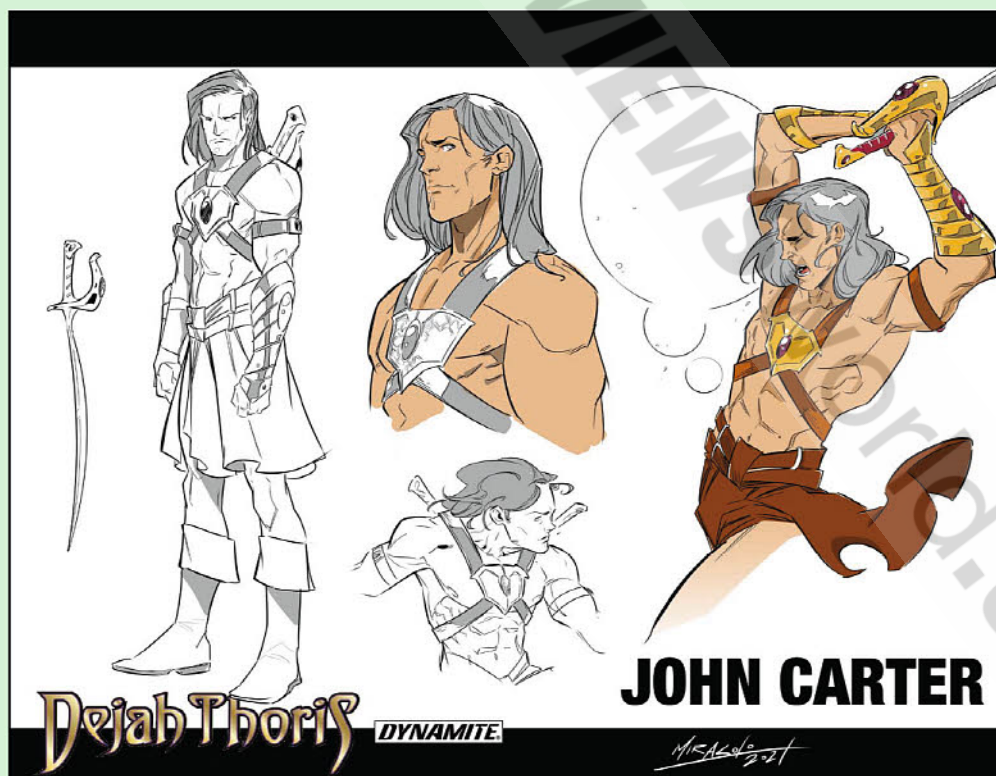

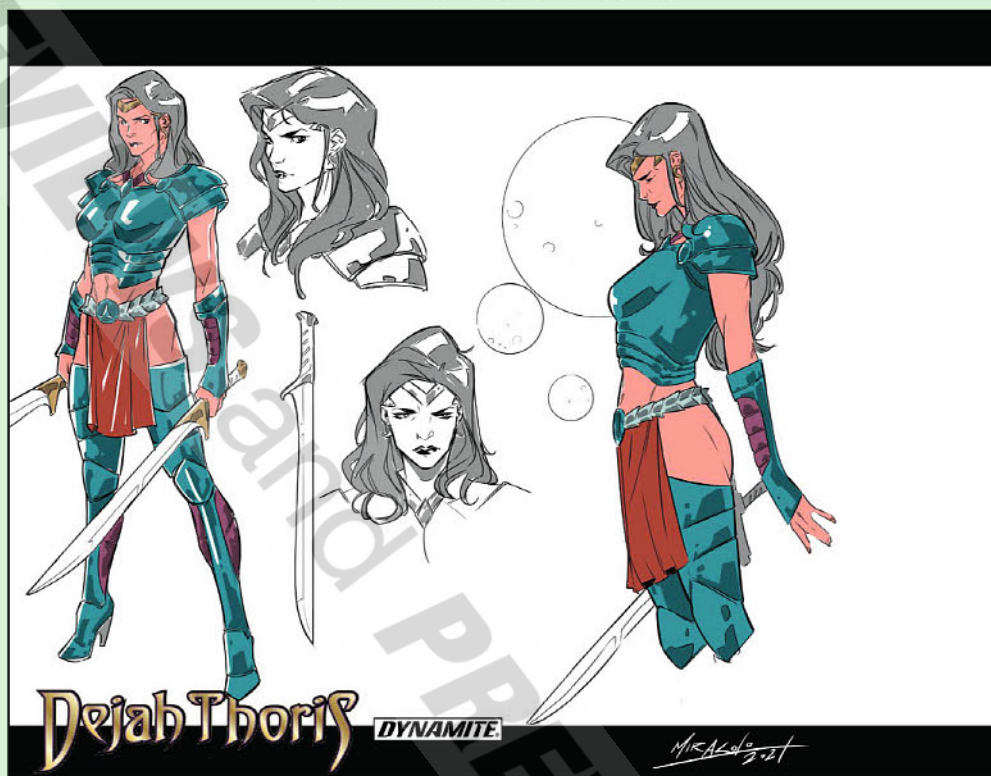

Dan: Now the main villains come to the fore, this is going to be the biggest story yet. They are immensely powerful and mysterious creatures - even the super-human John Carter is easily over-matched. They are also extra-dimensional, there is a hint that they may have been the original architects of life in the Solar System, and that Barsoom is the way it is thanks to their handiwork. They are coming back to reclaim the worlds they believe belong to them and intend to wipe them clean and start over. They are not going to be easy to stop!

Alessandro, how are you approaching this series differently from Red Sonja? Are there artists or styles you are looking to for inspiration?

Alessandro: It is very different. Those are two completely opposite characters and settings, going from the Hyborian Age era, to the beautiful and desolate lands of Barsoom, with strange creatures and green aliens with 4 arms - a big challenge! This is a big responsibility, these characters have previously been drawn by great artists like Frank Frazzetta, Frank Cho, Boris Vallejo, J. Scott Campbell, and my friend Pasquale Qualano. But more than any other influence, I was able to recover some of my father's drawings when he enjoyed painting the old stories of Burroughs. There is not a single style I get inspiration from. I watch movies and read illustration books, I try to combine the Arabic architectural style with some Art Nouveau details and sci-fi. I'm having a ton of fun. See You soon on Barsoom, folks!

WRITERS: GESS, ROBERT E. HOWARD

ARTIST: GESS

ROBERT E. HOWARD'S SAVAGE HERO CONTINUES HIS UNCENSORED ADVENTURES! Discover the true Conan, **unrestrained, violent, and sexual.** Read the story as he intended!

The Cimmerian in the land of a thousand and one nights!

A crossroads of beliefs, languages and cultures, the mythical trading city of Zamboula is also the scene of many dark legends. Upon paying the city a visit, Conan is warned of the dangers of Aram Baksh's home. It is said that most of the foreigners who stay there disappear under obscure circumstances...and it is precisely there that the Cimmerian is spending the night. But by lifting the veil on these mysterious cases of kidnappings, the Cimmerian will discover another secret, even more terrible, linked to the whole city of Zamboula...

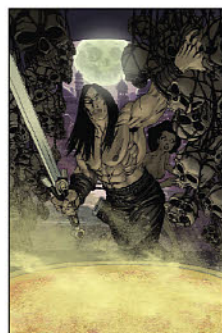

A story imbued with orientalism and macabre witchcraft, The Man-Eaters of Zamboula offers writer/artist Gess the opportunity to deliver his vision of Robert E. Howard's hero in a comic book story of exotic, erotic and dark beauty.

BONUS MATERIAL: The original Robert E. Howard prose story is included!

JP ROTH'S ANCIENT DREAMS SOFTCOVER

SOFTCOVER | 160 PAGES | COLOR | MATURE | FANTASY | \$19.99

WRITER: JP ROTH

ARTISTS: MIKE KROME, DAWN MCTEIGUE, SABINE RICH

"My tale starts with a 'once upon a time.' A long time ago, beings lived who could control the elements, immortality, and time. We called them gods and gave them our worship. They played with us like toys, took our lives and sabotaged our love. Now, the gods are myths. Stories in books—not to be confused with our modern world. I believed this until I found myself tumbling through a dream. This dream took me to another life. To a forgotten time in a bloody age. I dreamt of Hades's son and a lustful goddess. I dreamt of limitless power and revolving time. I dreamt a death and love that was mine... My name is Cara Wynter, and this is my story."

Cara Wynter is a literature student living with her twin sister, Lily, in Fairhaven, Washington. A daughter of witches, touch brings Cara only pain, and dark visions of pasts and futures she can rarely change. Already fighting to exist in her strange reality, she begins to crumble when the reoccurring dreams of her own death begin. In a desperate attempt to unlock the secrets in the violent images, she finds herself lost in a contest between love and the will of the ancient gods. With only forgotten memories and the pages of a book to guide her, she struggles to understand her past and break a deadly curse. Cara must face her worst fears, to save the soul of a god she has treasured for centuries, and a love she cannot live without.

JP Roth's Ancient Dreams graphic novel includes 9 chapters of full color stories, including 3 never collected before, in a complete 160-page collection.

Ancient Dreams is written by author, dreamer and wild child extraordinaire JP Roth. Roth is an American Novelist, and owner of Rothic Comics, founded in 2012, through which she has produced and published five of her original series.

One of the Seven Swords is his old rival with the prominent proboscis, Cyrano de Bergerac, who not only has a rapier wit, but also a literal rapier...which he's been using to fight an on-again, off-again duel with D'Artagnan for years. That's not even mentioning La Maupin, a sword-mistress who is quite literally a diva...of the operatic variety. Or Don Juan, whose "under cover" proclivities nearly doom the mission before it even begins...

From writer EVAN DAUGHERTY (writer of films such as *Snow White and the Huntsman*, *Divergent* and *Teenage Mutant Ninja Turtles*) and illustrator Riccardo Latina comes high adventure with a cutting edge!

JULY 7TH

Miskatonic Valley holds many mysteries – cultists worshipping old gods, a doctor deadset on resurrecting the recently deceased, a house overrun by rats in the walls – but none more recent than a series of bombings targeting the Valley's elite.

These horrors reach a breaking point when the brilliant, hard-nosed investigator Miranda Keller is sent to stop the bombings. To J. Edgar Hoover, there can be no other explanation than those responsible for similar actions during the Red Scare of the 1920s...but when Miranda digs too deep, she uncovers an unimaginable occult conspiracy, one that may cost Miranda her job – and her sanity.

From writer Mark Sable (*GODKILLERS*, *Graveyard of Empires*) and artist Giorgio Pontrelli (*Dylan Dog*), *MISKATONIC* is a mix of historical crime fiction and Lovecraftian-horror that dives deep into the American nightmare. This volume features issues #1-5.

WARLASH: BIOBURDEN ONE-SHOT

(W) Jovan Sekuloski & Various
(A) Frank Forte & Various
(CA) Homeros Gilani

Warlash, an armored warrior of the apocalyptic future, is back. This issue gives us more tales of hard-boiled science fiction crime noir. In "The Superiority Complex," Warlash gets word there is a new threat to Pittsburgh, a Cyborg who goes by the name of The Superior, and he's about to prove his namesake. And in "The Mega Fiend" Warlash is on the hunt for a mutating bio-weapon, what he finds is a beast beyond anyone's imagination. In "BioBurden," Warlash battles a creature who is the product of a genetic experiment gone bad. Is he good or evil? Warlash may not have time to find out, as the bio-creature spreads his contagion. Taking a pinch of black humour from EC comics and mixing it with the art stylings of Warren comics, EEEK! blends a heady broth that hits you like a burning incense stick to the retina. Jason Paulos delivers the goods with over 15 tales of revenge, zombies, vampires, ghouls and monsters. Each tale drawn in a different style reminiscent of the B&W horror mags of the 70's and 80's. THE IMPENDING BLINDNESS OF BILLIE SCOTT HC (OVERSIZED EDITION)

(W/A) Zoe Thorogood

Billie Scott is an artist. Her debut gallery exhibition opens in a few months. Within a fortnight she'll be completely blind. Zoe Thorogood's first graphic novel is a story about what it's like to get something you want, have it immediately taken away from you and then how you put it all back together again. Set in a world of people down on their luck from Middlesbrough to London, it's a graphic novel that speaks of post-austerity Britain and the problems facing those left behind. (STL189604) (C: 0-1-0)

The next chapter of the ongoing saga of *The Resistance* takes an intimate look at a very special species of the superhuman race known as Reborns. Emily Kai is what is known as a "Moth." She was granted immense power by the global pandemic known as "The Great Death," but with a caveat: The moment she taps into the power that resides within her, a clock starts and Emily will have only six months to live. She's Marjorie Finnegan. She's a temporal criminal. What more do you need to know? Oh, all right then: all Marj wants to do is race up and down the time-lanes, stealing every shiny-gleamy-pretty-sparkly she can lay her hands on. But her larcenous trail from the Big Bang to the Ninety-Fifth Reich has drawn the beady eye of the Temporal PD, whose number one Deputy Marshall is now hard on our heroine's tail—and taking things extremely personally. Worse still, Marj's worthless creep of an ex and his even scummier partner have seen an angle of their own in all this, and now intend to use her time-tech to change history for their own benefit. Marj's only ally? A guy called Tim. And he's just a head. I mean come on, what use is just a head...?

THE WAKANDA FILES: A TECHNOLOGICAL EXPLORATION OF THE AVENGERS AND BEYOND HC

(W) Troy Benjamin

Within the Marvel Cinematic Universe (MCU), Wakanda has been on the forefront of what is technologically possible. Their ability to stay ahead of the rest of the world is second only to their ability to keep themselves hidden. As the architect behind many of Wakanda's great advancements, Shuri is constantly seeking ways to improve what has come before. To aid in her search, she researches the past for context, reference, and inspiration by compiling The Wakanda Files. Here she traces the world's technological achievements from the era of Howard Stark and early Hydra studies to modern discoveries in quantum tunneling and nanotechnology, weaving together the stories, personalities, and technology that are the fabric of the MCU. ILLUSTRATORS SPECIAL #11: THE ART OF FRANK BELLAMY

(W) Norman Boyd (A) Frank Bellamy

Frank Bellamy is an artist whose work reflects much of the century that he inhabited. Born a year before the end of the First World War, his art documented an age of conflict, exploration, technological advancement, social change and an age which could envisage worlds as yet undiscovered as well as worlds long departed deep beneath the sands of time. What makes Bellamy's story so particular is his development into a pre-eminent graphic artist creating strips such as *Robin Hood*, *King Arthur*, *Heroes the Spartan*, *Fraser of Africa*, *Montgomery*, *The Happy Warrior*, *Thunderbirds* and *Garth*. His rise to fame presents not just a fascinating tale about his life and work but also the story of UK comics. (STL191050) (C: 0-1-2)

THE WORST BOOK EVER HC

(W/A/CA) Elise Gravel

Don't take the title as a metaphor: it really is the worst book ever. Governor General Literary Award winning children's book author and illustrator Elise Gravel takes readers on an unexpected journey through the world's most boring book. The story's characters and omniscient readers alike quickly become annoyed by the author's bland imagination and rebel against her tired tropes and stale character choices, spouting sass in an attempt to get her attention and steer the narrative in a more interesting direction. With Gravel's signature goofy characters behind the wheel, no silly twist or rude body function is off the table! (STL114399) HC, 7x9, 40pgs, FC.....\$17.95

The iconic first *Moomin* comic strip by Tove Jansson, *Moomin and the Brigands* is a thrilling introduction to the vibrant inhabitants of Moominvalley we've come to know and love. This book spotlights the women who are often ignored in pro-wrestling in 125 full-color illustrations: pin-ups, action shots, fake wrestling magazine covers, echoing the *lucha libre* magazines of the 1960s. In this wordless, full-color collection of satiric short comics stories, Alberto Breccia chronicles the waning days of the most famous vampire of them all. Literally defanged, the protagonist's glory days are long behind him and corrupt Government officials are now draining the life out of the villagers far more than one creature of the night ever could. This, Fantagraphics' fourth entry in the Alberto Breccia Library, also includes a behind-the-scenes look at Breccia's early sketches and layouts.

VISUAL CRIME

In both of the stories that comprise *Visual Crime*, painter Rotart Sulli is given assignments for *Visual Crime Magazine*, each with a peculiar requirement: to stay in a hotel basement until his assignment is finished. In the second story, he's told to place the finished work "in your back window — it will be seen." Jerry Moriarty's rough-hewn panels alternate with the Hopperesque paintings by Rotart Sulli, creating a portrait of the artist working alone in an uncertain world, creating stunning images that transcend the melodramatic stories they illustrate.

ANOTHER HISTORY OF ART

By Anita Kunz

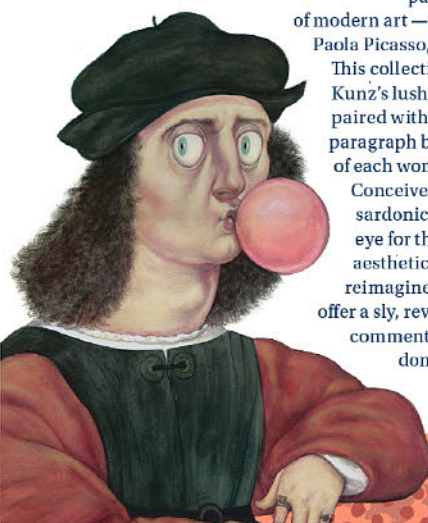

\$24.99 / HC / 136 pgs /
FC / 8" x 10.5"

In *Another History of Art*, award-winning painter and illustrator Anita Kunz reimagines the most iconic paintings in the history of Western art from an irreverent, feminist perspective. Her alternative history celebrates an august pantheon of Old Mistresses and mothers

of modern art — Leona da Vinci, Diego Velázquez, Paola Picasso, and many more.

This collection includes Kunz's lush paintings, paired with a single-paragraph biography of each woman artist.

Conceived with sardonic wit and an eye for the telling aesthetic detail, Kunz's reimagined masterpieces offer a sly, revisionist social commentary on the male-dominated history of art.

Based on the smash-hit audio serial, *Bubble* is a hilarious high-energy graphic novel with a satirical take on the "gig economy." Humans like Morgan, who's Brush-born and Bubble-raised and fully capable of fending off an Imp attack during her morning jog. She's got a great routine going—she has a chill day job, she recreationally kills the occasional Imp as a side hustle. RE: CONSTITUTIONS GN

(W) Beka Feathers (A) Kasia Babis
Re: Constitutions explains the role constitutions play in how government is structured and provides context for the modern issues that arise from these documents. In order to coexist peacefully in society, humans must abide by certain norms, laws, and practices. But if we have different, conflicting ideas of who we are, what's acceptable, and what rights we deserve, how do we agree on anything? By drafting a constitution; a document that lays out "the rules of the game." (STL189506) (C: 0-1-0)

COVENANT: THE ART OF ALLEN WILLIAMS SC

(W/A) Allen Williams
Covenant boasts the first collection of Allen Williams' personal drawings and paintings. Allen's strength comes from his mystical connection to his work. He views himself as a guardian and creates artistic personas that serve the well-being of others. At first sight, his mythological characters may look odd, monstrous or grotesque. Yet they represent the good that can be found when you look below the surface of an individual. Each of his fantastical characters is accompanied by a line of text, a poem or a brief story that captures their essence. These visual narratives are pulled to the surface through Allen's renowned mastery of storytelling and his use of graphite and pencil. (STL190120) (C: 0-1-1)

A Creator You Should Know: ARCHIE GOODWIN

Ask the average fan to name the greatest creators in the history of comics and the name Archie Goodwin will not leap to the minds of many, because so much of Archie's brilliant work was behind the scenes or flew under the mainstream radar. But ask the creators with whom he worked! Ask other all-time great writers, artists, editors and creators! Gather the elders, the best of the best and ask them! His name will be among the first mentioned. Archie Goodwin was an amazing writer with outstanding story sense, penetrating insight, a gift for dialogue, an effortless knack for character, a flair for drama and utter mastery of the art of delivering the payoff. His sheer creativity ranks with the best ever. He was an all-time great editor and teacher. He made everyone he worked with better. On top of that, Archie Goodwin was a fine, wonderful, noble and honorable soul, loved and respected by everyone because he deserved it. This industry may never see his like again. How sad. He is desperately missed.

HOLIDAY HOUSE

THE HISTORY OF WESTERN ART IN COMICS PART 1: PREHISTORY TO THE RENAISSANCE SC

(W) Marion Augustin (A) Bruno Heitz
As two kids give their grandpa a tour of Paris, he starts an interesting conversation with them—about where all the art they see in their lives—from the movie house to the stadiums to museums and even the subway—started. His impromptu history lesson goes back to the first Cavemen drawings to the pyramids of Giza, and by the end of the book includes Greco-Roman feats of ingenuity and the frescoes of the Renaissance. Recounted as a narrative about why different civilizations created different kinds of art, centuries of art history are explored entertainingly for young readers. Iconic works, such as Donatello's *David* and *The Book of Kells*, are included as well as architectural feats like the Colosseum. (STL189495) (C: 0-1-1)

Harriet Turnbridge asks Barnabas Collins for help after her husband, her brother-in-law, and father-in-law are found dead, their throats savagely ripped open. The police insist the killer is a mad beast. Harriet thinks that the phantom recently seen at Collinwood is responsible. Barnabas suspects that Quentin Collins, disguised as a wealthy hippie, is guilty. Where will they find the murderer? In the nightmare world of Harriet's dreams? In the haunted cave beneath the Collins' family cemetery? Or in another century—when witchcraft and demonology threatened Collinwood? (STL179089) (C: 0-1-1)

WHAT'S UP, BEANIE? ACUTELY RELATABLE COMICS GN

(W/A) Alina Tysoe
Hilariously eccentric and self-aware, Alina Tysoe, the pink-haired illustrator behind the wildly popular *What's Up Beanie*, captures relatable topics like family, the awkward pains of social anxiety, sweet moments of love and a growing relationship, amusing childhood stories, and her intense love of dogs. These endearing snapshots of Alina's

life are surprisingly familiar, as if they've been taken from your own life: finding solace with a lone puppy at a crowded party, the frustration of deciding what to eat for dinner, making the mistake of hitting the snooze button, accidentally stepping on a dog's foot and feeling like a MONSTER, and tons more! CRIME NOIR

ROMANCE

The tale of two very unlikely partners in crime, set in New York City's Roaring Twenties.

Nola is a crafty white girl living on the streets. Slim is a Black pimp with a shady history, constantly looking over his shoulder in fear of his own past. When their options run out and their paths cross, Nola and Slim forge a partnership as hired killers. *Miss: Better Living Through Crime* is a tale of historical crime fiction told from the point of view of two survivors marginalized by society.

"You'll be hard-pressed to find a more compelling example of a great crime story than in *Miss*. I can't recall any work [...] that has such lovingly rendered and sympathetic characters, who also happen to do completely despicable things to survive."

The River of Ink flows from the present day back to the very first illustration drawn by a human. Along its shores are tales and wisdom from legendary artists of the past and present exploring the philosophy of communication through drawing. Why do we draw? It's a simple question with a spellbinding and complex answer in this entirely new and beautiful look at the history of art.

THE DIRE DAYS OF WILLOWWEEP MANOR GN

(W) Shaenon Garrity

(A) Christopher Baldwin

One dark and stormy night, Haley sees a stranger drowning in the river. Since her greatest passion is Gothic romance novels, she knows her moment has come. But when Haley leaps into the water to rescue the stranger, she awakens in Willowweep. It certainly looks like the setting of one of her favorite books: A stately manor. A sinister housekeeper. Three brooding brothers. There's even a ghost. Except Willowweep is not what it seems. Its romantic exterior hides the workings of a pocket universe—the only protection our world has against a great force of penultimate evil, and its defenses are crumbling. Could cruel fate make Haley the heroine that Willowweep needs? Available in softcover and hardcover editions. (STL188574) (C: 0-1-0)

LOVE ME PLEASE: THE STORY OF JANIS JOPLIN HC

(W) Nicolas Finet
(A) Christopher

How did a very young messed up woman, a drug addict filled with doubt, become in a few years a planetary icon of rock music? Janis Joplin went from the shadows to the blinding light of fame in only four records (the last one issued a month and a half after her tragic death). Thanks to a worldwide movement of emancipation which would consecrate for a long time the ideals and modes of alternative lifestyles from counterculture to the flower power generation, Janis, the ugly duckling, gave free rein to her impulses. Joplin left for San Francisco, the epicenter of cultural innovation, where she lived a freedom of which she would hardly have dared to dream, abandoning herself to all impulses, overcoming without hesitation all the taboos of the time: bisexuality, alcohol, drugs, doing so not only with delight, but with the taste for excess which came naturally from her spontaneous character. "What would happen if orcs stole a ship and were flung into space? I pitched the question to Justin over eight years ago, and the idea never left our heads. Born from a fascination with orcs, who haven't been given much of a spotlight (always the side characters—the dumb henchmen of some greater, evil force), and our love for space voyage shows like *Star Trek* and *Farscape*, we knew the combination would be exciting." —**Rashad Gheith**

"When Rashad told me about *Orcs in Space*, I knew right away it was a fantastic idea. Three dumb orcs at the helm of a ship far beyond their understanding. Going on this journey with them, watching them bumble around with powers way beyond their comprehension. It's going to be fun to watch them grow and learn how to harness sci-fi to their advantage." —**Justin Roiland**

"My brother Rashad and I used to go to the comic store as kids and dream about making them someday. Later, when I met Justin, we both made trips to get comics and talk about how much we loved them. It's a natural fit for us to be finally making a comic book together! A cosmic adventure that's peppered with zaniness and a bit of fantasy-style lore. It's everything I've ever wanted to make, and we have an unlimited budget in François, who is designing the whole world almost exactly how we imagined it. Get ready for some galactic mayhem!" —**Abed Gheith**

"Crafting this series has been one of the most fun writing experiences of my career. I can't wait for people to get their hands on this, I know they are going to love it." —**Michael Tanner**

"Drawing *Orcs in Space* has been a ball. The series brings together so many things I've unabashedly loved all my life, from barbarian warriors to high-tech spacecraft, and blends it all together into a weird and funky universe. Drawing this book makes me feel like a kid again! Working with the wonderful DJ Chavis on colors, each issue I am trying to create something that's full of action, humor, and layers of detail. I can't wait for people to get their hands on this book!" —**François Vigneault**

Rainbow has been searching for her sister, Jonna, for a year. The last time she saw Jonna was also the first time she saw one of the monsters that now roam the planet. They're big, ugly, and dangerous creatures driving humanity to the brink of extinction. Though there isn't much hope for survival out in the wild, Rainbow knows that her sister is out there somewhere—and she'll do anything to find her.

"Jonna and the Impossible Monsters finds Samnee working in an *Avatar: The Last Airbender* mode, or after having read the *Nausicaä of the Valley of the Wind* manga by Hayao Miyazaki a thousand times without sleeping." —**The Beat**

"Jonna is an imaginative world that offers epic scale and mystery in equal measure." —**David Brooke, AIPT**

"A marvelous all-ages story about two sisters exploring a dangerous jungle, the book is crammed with wondrous adventure and giant weird monsters, as well as a subtler theme of standing by one's family even as the world becomes more dangerous and complex."

—**Charles Byrne, Washington News Post**

"Jonna and the Impossible Monsters #1 filled me with joy from beginning to end." —**Oliver Sava, The A.V. Club**

"Jonna and the Impossible Monsters #1 shows off Chris Samnee and Matthew Wilson's skill at visually depicting both dynamic movement and quiet character moments as they and Laura Samnee set up a world full of danger and things that go bump during the night and day plus a plucky protagonist, who is willing to face them because she loves and misses her family." —**Logan Dalton, Graphic Policy**

"This fun story, set in the Stillwater cave systems beneath Marion, KY, sets a high-action plot amidst the tensions between business and environmental concerns." —*Publishers Weekly*

For Marjorie Glatt, being thirteen years old isn't quite the same as it is for everyone else. Responsible for running her family's laundromat while trying to survive middle school, Marjorie's daily struggles include persnickety customers, snippy classmates, agonizing swim lessons, and laundry... always, always laundry. Wendell is a bit different, too. Wendell is a ghost. His daily struggles include Dead Youth support groups and unavoidable stains. But when he escapes from the Land of Ghosts and bumbles into Marjorie's laundromat—the perfect ghost playground—his attempts at fun and friendship begin to harm the family business. *Sheets* is a powerful story about a young girl's perseverance, even when all the odds are stacked against her. It shows that forgiveness and second chances can result in unlikely friendships.

O/A KIRBY & LEE: STUF SAID! (THE JACK KIRBY COLLECTOR #75)

Completed just days before Stan Lee's recent passing, *Kirby & Lee: Stuf Said!* looks back at the duo's own words to paint the most comprehensive and enlightening picture of their relationship ever done... why it succeeded, where it deteriorated, and when it eventually failed. Also, here are recollections from Steve Ditko, Wallace Wood, John Romita, Sr., and more Marvel Bullpen stalwarts who worked with both Kirby and Lee. Rounding out this book is a study of the duo's careers after they parted ways as collaborators. Compiled, researched, and edited by publisher John Morrow.

ROBERT KIRKMAN: CONVERSATIONS SC

(W) Terrence R. Wandtke

Robert Kirkman is probably best known as the creator of *The Walking Dead*, yet Kirkman represents much more than this single comic book title. Kirkman's story begins with him financing his irreverent, independent comic book *Battle Pope* with credit cards. After writing major titles with Marvel Comics, Kirkman publicly advocated for creator ownership as the future of the comics industry. While Stan Lee was the most prominent comic book everyman of the previous era of comics production, Kirkman is the most prominent comic book everyman of this dynamic, evolving new era. MODERN MASTERS VOLUME 30: PAOLO RIVERA SC

Eisner and Harvey Award-winner Paolo Rivera grew up in his parents' art store, so it's no wonder his life's path is that of an artist. And not just your run-of-the-mill comic book artist, but a painter, penciler, inker, colorist, and sculptor — Paolo does it all! From the pulp magazine feel of *Mythos* to the cinematic adventure of *Spider-Man* and the sleek stylings of *Daredevil*, Paolo brings a fresh storytelling approach to each project he illustrates. UNIVERSITY PRESS OF MISSISSIPPI

THE COMICS WORLD: COMIC BOOKS, GRAPHIC NOVELS, AND THEIR PUBLICS SC

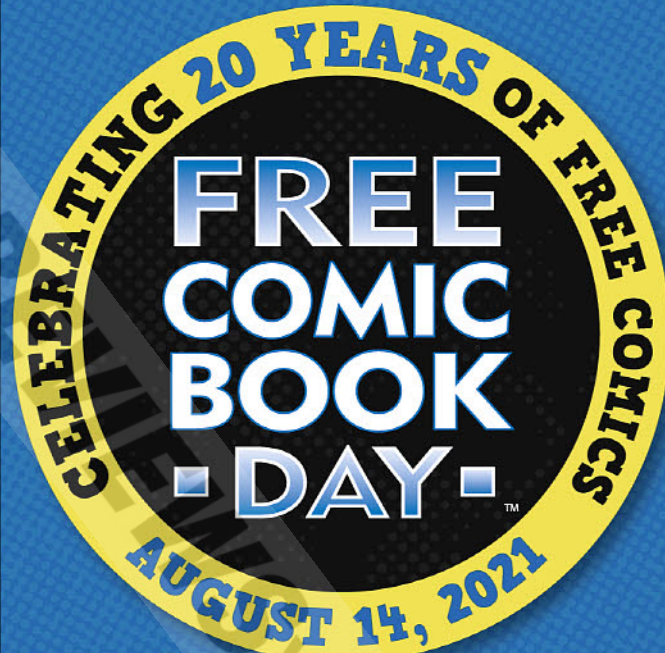

The Comics World: Comic Books, Graphic Novels, and Their Publics is the first collection to explicitly examine the production, circulation, and reception of comics from a social-scientific point of view. Taking the concept of a "comics world"—that is, the collection of people, roles, and institutions that "produce" comics as they are—as its organizing principle, the book asks readers to attend to the contexts that shape how comics move through societies and cultures. Through their research, contributors demonstrate some of the ways that people participate in comics worlds and how the relationships created in these spaces can provide different perspectives on comics

and comics studies. (STL188130) (C: 0-1-1)

PATHFINDERS SOCIETY VOLUME 1: THE MYSTERY OF THE MOON TOWER GN

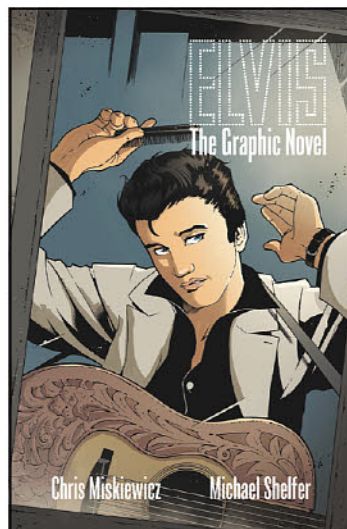

(W) Francesco Sedita, Prescott Seraydarian
(A) Steve Hamaker

Kyle is a new kid in town who likes to draw. Vic is a cool cheerleader who's secretly a math whiz. Quiet Beth is a history buff, while goofball Harry likes performing magic tricks, with the help of his patient wingman, Nate. Five kids unlikely to form a team, for sure. But then they're thrown together at summer camp, where they watch a grainy old movie about the history of their town, Windrose, and one of its illustrious citizens of a bygone era: the intrepid explorer-inventor Henry Merriweather. Deciphering a route of historical markers leads them to Merriweather's old castle,

which is lined with ornate, beautiful tiles in hallways that lead to secret rooms where time itself is warped! (STL149864) (C: 0-I-0)

Adam F. Goldberg & Hans Rodionoff (W)

Let's not mince words. Todd's a loser. He has no job, no prospects, and almost no drive. With his wife ready to take the children and go, Todd buys the family their dream home. Todd takes a chance on a house that needs much more upkeep than a few coats of paint and new carpet. And little does Todd know, in the attic resides a terrifying and deadly spirit who does not do well with cohabitation. But while this frightening specter may have murderous tendencies, she might just be what Todd needs to turn his life around.

Forgetting Sarah Marshall meets the Grudge, you know you're in for a hell of a ride! From the comedic and possibly unhinged minds of Adam F. Goldberg and Hans Rodionoff comes this off-beat love story that will warmly haunt the very depths of beating and non-beating hearts alike.

FATE/GRAND ORDER: CHALDEA SCRAPBOOK GN

(W/A) Type-Moon

In 2010, Dr. Romani Archaman was posted to Chaldea, where he becomes the primary doctor for a young girl. His patient, Mash Kyrielight, is a powerhouse but is more interested in books, Japan, and Sherlock Holmes. This collection of shorts by beloved Type-Moon artist NAKATANI focuses on the Absolute Demonic Front arc of *F/GO Babylonia*, the latest game in the *FATE/Grand Order* franchise. A prequel of sorts, this arc focuses on the origins of the game's most iconic character, Mash. This is the destined era where humans and gods part ways — this is the start of the final battle. SPOTLIGHT ON

THE MEN WHO CREATED GUNDAM GN

(W/A) Hideki Owada

In 1978 animation director Yoshiyuki Tomino set forth to change the Japanese animation industry. For decades prior, Japanese science fiction had churned out numerous tales of semi-autonomous robots that would often come to the aide of humanity, but as someone who worked on a number of those works, Tomino came to the realization that he wanted to see a more realistic robot narrative. His vision was one where the robot, while just slightly more human in appearance, was utilized more as a tool manipulated by man. With renowned artist Yoshikazu Yasuhiko by his side, and occasionally as his artistic rival, Tomino would change the way the whole world came to see Japanese animation and the broader toy and comics industries built around it. This evolution would be a war in its own right! Battles were fought in the offices of the animation studio! Conflicts were equally as heated in the recording booth! DARTH VADER GROWS FROM A CONCEPT ACTION FIGURE INTO GENTLE GIANT'S JUMBO FIGURE

Star Wars fans who have delved into the history of George Lucas' creation are familiar with the early concept art of characters and the universe by legendary artist Ralph McQuarrie, including a familiar yet startlingly different, almost feral, version of Darth Vader.

Gentle Giant reimagines Darth Vader, based upon an action figure of McQuarrie's design, for the *Star Wars: Darth Vader Concept Jumbo Action Figure*. Standing 12" tall with a resealable blister card to match, the jumbo Darth Vader features a blue and black paint scheme, a very different style of cape, and a unique retracting lightsaber accessory quite unlike the one seen in the films.

Ideal for *Star Wars* historians and fans intrigued by the "road not taken," Gentle Giant's *Star Wars: Darth Vader Concept Jumbo Action Figure* will be a unique addition to their collection!

ATTACK ON TITAN: LEVI ARTFX J STATUE (RENEW PACKAGE)

From Kotobukiya. The newest addition to the ARTFX J lineup is another hero from one of the most popular anime and manga properties in the world, *Attack on Titan!* Coming to statue form is the leader of the Survey Corps and the best soldier humanity has against the Titans, Levi! The sculpted and painted details on Levi and his base are incredible, and he comes with more display options with his removable cape. Sculpted by Shin Tanabe, Levi is just over 11" tall in 1/8-scale, and his matching display base makes him the perfect companion to the other *Attack on Titan* ARTFX J Statues. His head and left elbow are movable, so you can adjust how he holds the chainsaw and even display him as he appears on the poster for the film!
